

Launchpool ownership and deeds

Historical source edition | 7 September 2026

Public crypto research edition. The following material preserves historical analysis, source identifiers, transaction amounts and stated qualifications. Observations retain their original dates, principally 5-7 September 2026. Preparing this edition did not repeat the blockchain, corporate-registry or legal research.

Read each assertion with its cited source and limits. A public role, a wallet connection or a valid transaction does not by itself identify a human operator, prove personal receipt or establish wrongdoing. The reports distinguish findings, interpretations and unanswered questions.

Correction precedence: the 7 September 2026 ShibaFriend claims review reports repayment of the principal of all 23 non-dust funding addresses, with only 168 base units of dust unmatched. It also reports equal project matches for all 194 identified paid Mystery Box mints. Those later findings supersede earlier uncertainty about those specific questions. See [Research_Paper_ShibaFriend_Claims_Review.pdf](#).

Original source-page labels and reference identifiers are retained where useful. Gaps in numbering reflect the crypto-only scope. Historical references to companion records are locators; consult the repository inventory to see which records are included. Current availability of an external source is not guaranteed.

Contents and document control

| Consolidated investigator edition | 7 September 2026

This consolidated edition presents published operators, company identifiers and shareholding; asociados carajo and the dated business network. Source identifiers and hyperlinks are retained. Blockchain, registry and archival observations remain tied to the dates and verification limits stated in the report.

1. Conclusion	3
2. Entity map and published-operator chronology	3
3. UK ownership, governance and accounts	4
4. Alphabit and the operating network	5
5. Laura: dated role and offering evidence	5
6. Panama formation and 2025 changes	6
7. Providers: exact leads, not established GamiFi engagements	7
8. Missing records and completed search boundaries	8
9. Source register and preservation	9

| **Consolidated edition, 7 September 2026.** Documentary observations were reviewed through 6 September 2026 UTC. This replaces repeated interim updates with one account; original deeds, filings and evidence hashes remain preserved.

1. Conclusion

The UK company's initial shareholders, Carajo's Panama formation and its 2025 appointments are documented. The historical website's offshore company, ultimate ownership and transaction authority remain unresolved. Laura's dated Launchpool COO and GamiFi CEO roles are supported by contemporary publications. They do not identify her as an offshore shareholder, wallet controller or recipient of proceeds.

The two Panama deeds have been received and reviewed. They should no longer appear on missing-document lists. Their missing companions are the issued-share register, voting-shareholder records, formation instructions and executed business-transfer agreements.

2. Entity map and published-operator chronology

Entity	Established identifier or description	Boundary
Historical website issuer	Launch Pool Limited , described under Virgin Islands law	Terms give no company number or named agent and do not specify British Virgin Islands
UK company	LAUNCH POOL LTD, 12992979 , incorporated 3 November 2020 , England and Wales	UK share records cannot be assigned to a separate offshore entity
Candidate offshore company	Launchpool Ltd, BVI 2054898 , directory date 12 February 2021	Secondary lead; no official certificate or website-company identity bridge
Later website operator	Asociados Carajo Inc., Panama folio 155733022	Formation and appointments verified; ownership and executed business transfer unresolved
Related fund	Alphabit Fund I , formerly Alphabit Digital Currency Fund; Cayman WC-319009	Exact fund identity does not determine its Launchpool/GamiFi holdings

The **19 May 2021** and **28 January 2022 at 06:33:58 UTC** Wayback terms use Launchpool Limited in the heading and Launch Pool Limited in the text, attributing creation/release of LPOOL to that company. The January capture displays revision **10 November 2021**. The contemporaneous privacy policy displays **13 January 2021** and names no agent or actual affiliate/transfer. [S01-S02; S28]

Arquivo.pt independently preserved substantive terms on **19 October 2021 at 07:59:25 UTC** and **1 February 2022 at 20:10:17 UTC**. They retain Virgin Islands issuer/arbitration and UK governing-law wording, with printed revisions **13 January 2021** and **10 November 2021** respectively. Five other archive records were redirects or 403/503 responses. The January printed date precedes candidate 2054898's directory incorporation date; it is not proof of January publication, nor a resolved identity contradiction. The directory URL's **1123236** is a site identifier, not the company number. [D01-D02; S43]

Terms captured **24 April 2024**, displaying revision **8 February 2024**, name Carajo under Panama law and attribute LPOOL to it. Migration FAQs captured **20 March / 28 May 2024** say regulatory issues in the previous jurisdiction led to a new company, director and management changes; they describe Sumsu re-KYC and Arbitrum migration. These publisher statements name no enforcement order, former jurisdiction, successor director or signed transfer. The February terms revision and UK dissolution occurred in the same month; their legal relationship remains unproved. [S21-S23]

3. UK ownership, governance and accounts

The original incorporation schedule, pp.7-8, allocates **100 ordinary shares** as follows. These are **3 November 2020 initial holdings**, not current beneficial ownership. [S03]

Subscriber	Shares / initial percentage
Liam David Robertson	26 / 26%
Andrew Ivison	26 / 26%
Saeed Hareb Masood Hamad Aldarmaki	26 / 26%
Oscar James Lindley-Smith	11 / 11%
SCR Advisors Limited	11 / 11%

SCR Advisors uses a Gibraltar address also used as Richard Simpson's service address. That is a record lead, not evidence he owns SCR. Laura is absent from this initial schedule and the reviewed UK officer/PSC lists. [S03-S05]

Record	Dated finding
PSC entries	Robertson, Ivison and Aldarmaki recorded in the more-than-25% through 50% shares/votes band; Aldarmaki ceased 11 October 2021 , Ivison 25 November 2022 ; Robertson has no cessation on the reviewed dissolved-company record
Officers	Robertson, Ivison, Richard James Simpson, Oscar James Lindley-Smith and Aldarmaki listed; the latter three appointed/resigned 3 November 2020 , termination forms filed 16 April 2021 ; Ivison resigned 25 November 2022 , Robertson 18 April 2023
2021 / 2022 confirmation statements	Marked no updates; no replacement share-transfer schedule
2021 accounts	£100 debtors, £19 cash, £19 creditors, £100 net assets
2022 accounts	Dormant-company audit exemption; £119 assets, £19 creditors, £100 net assets ; approval 2 August 2023 , naming L Robertson as director
Dissolution	Compulsory strike-off and dissolution 27 February 2024

Sources: [S04-S08; S19-S20]. A PSC cessation does not identify the new share allocation. The 2023 accounts-approval capacity requires reconciliation with Robertson's April resignation. These small balances concern company 12992979, not a consolidated platform balance sheet. The material accounting question is which entity booked revenues, payroll, allocations, fees and token-sale receipts.

Related filings establish overlapping principals, without supplying an offshore transfer instrument:

Company	Exact finding
Alphabit Projects UK Ltd, 12327183	21 November 2019: Simpson, Ivison, Lindley-Smith and Robertson each subscribed 25 of 100 ordinary shares [S35]
Launch Horizons Ltd, 13672315	11 October 2021: Simpson subscribed the sole ordinary share; reviewed accounts disclose no named offshore Launchpool investment/assignment [S36]
Alphabit Consultancy Ltd, 13482392	18 October 2021 statement records sole share transferred Robertson→Felix Oram on 13 October ; 2023 accounts describe wind-up/equipment disposals without a named Launchpool transfer [S37-S38]

SCR Advisors record target

Native Gibraltar searches for **SCR ADVISORS** and **S.C.R.** returned no match; **SCR** returned seven different names. GLEIF legal-name search returned zero. These bounded results do not establish nonexistence. The reviewed official company-profile route accepts **SCR Advisors Limited, number unknown**; standard non-certified email profile was listed at **£20.50**, normally next working day, with possible card surcharge. No order was sent. Seek both registry identification and historical shareholders/directors/annual returns for **November 2020-January 2022**; a current nominee/corporate holder may require another ownership step. [S33-S34; D20-D22]

4. Alphabit and the operating network

The **28 January 2022** archived FAQ, revision **16 July 2021**, names Rich Simpson founder/CEO; Robertson and Lindley-Smith founders; Laura Walsh COO; and Eleanor Rooney analyst. Ivson described himself as a Launchpool co-founder/shareholder in the **29 November 2021** company AMA without specifying an entity. Techstars' June 2021 announcement says Alphabit Digital Currency Fund started Launchpool in 2020 and documents the accelerator partnership, not shareholder percentages. [S09-S11]

The SEC-hosted issuer Form D, signed **1 February 2018**, describes a Cayman exempted company formed in **2017**, identifies **Dalma Capital Management** as investment manager and names directors **Andrew Ivson, Liam Robertson, Saeed Al Darmaki and Christopher Allin Kitze**. Three names overlap the UK subscribers. This is an issuer-filed notice, not an SEC ownership finding. [S12]

GLEIF joins **Alphabit Fund I / Alphabit Digital Currency Fund** under **WC-319009, LEI 213800NZCHTWXWVPWO96**. Its 76-entry history records a name-field update **25 September 2019**, not the legal name-change date. The parent exception **NON_CONSOLIDATING** gives no beneficial-owner name. The LEI is **LAPSED**, latest update March 2022; ACTIVE is not current good-standing evidence. [D03]

Official list	First fund	Second fund
CIMA, 31 December 2017	Alphabit Digital Currency Fund; 1449685, 22 November 2017 , Master Fund	Alphabit Digital Currency Fund II; 1450105, 6 December 2017 , Registered
CIMA, 30 June 2021	Alphabit Fund I; same licence/date/category	Alphabit Fund II; same licence/date/category

Both source pages were visually checked. Company number, LEI and fund licences are different identifiers. Executed management/investment agreements, subscriptions, GamiFi allocations and settlements remain missing. [S12-S13; D03-D04]

5. Laura: dated role and offering evidence

Date	Source-supported role or representation
May 2021	Nativz later dates appointment as LaunchpoolXYZ COO [S14]
8 October 2021	MoneyNeverSleeps presents Laura Walsh as COO and records her allocation-model explanation; its Laura Walsh link targets /in/lauratakenaka/ [S15]
December 2021 / January 2022 archives	Launchpool GamiFi offer data names Laura Walsh CEO and Robertson adviser linked to Alphabit [S29-S31]
26 January, 1 February, 3 May 2022 captures	GamiFi homepage lists Laura CEO [D05]
23 February 2022	MEXC AMA attributes a private raise, Launchpool strategic raise and January public IDO account to Laura [S16; D06]

Date	Source-supported role or representation
2022 accelerator launch	Robertson publicly thanks Laura Walsh and Shane McQuillan as team members; exact post date unverified [S17]
9 July 2022	Nativz names Laura GamiFi CEO, credits work establishing GamiFi within Alhabit and identifies Techstars liaison work [S14]
1 September 2022	GamiFi announces Eleanor Rooney CEO and thanks Laura; Rooney's former Alhabit/Launchpool Head of Analysis roles described [S18]
7 September 2022 / 23 January 2024 captures	Team panel lists Rooney; old podcast descriptions still call Laura CEO [D05]

Old embedded text does not extend Laura's tenure. The preserved MEXC article was captured **23 February 2022 at 10:25:42 UTC, 8 minutes 58 seconds** after its publication metadata; an October capture was compared. The original publisher record replaces the earlier excerpt-only limitation, but provides neither private approval nor actual receipts. [D06]

The December offering advertised a **250,000-BUSD target** and the January IDO **150,000 BUSD**; both captures show forthcoming offers, not amounts received. Strategic terms were **\$0.015, 5% TGE, three-month cliff, nine-month linear release**; IDO terms **\$0.03**, fully unlocked. Conflicting Laura biography fields are not relied on. [S29-S31]

Employment, equity, board delegation, bank/custody mandate, communication approval and handover records are still required to connect these roles to particular decisions or proceeds.

6. Panama formation and 2025 changes

Carajo folio 155733022 is independently matched on the official resident-agent portal and registry folio printout. The directory RUC **155733022-2-2023** remains secondary. The official row showed **SOCIEDAD ANONIMA**, registration **02/02/2023**, Quijano & Asociados agent status **Renuncia**, and separate folio status **Vigente**; it gave no resignation date or successor. The deeds and later folio summary supply the successor. [S25; S32; S39-S45]

Record	Dates and identifiers
Incorporation	Deed 769, 31 January 2023; entry 44706/2023 (0); registered 2 February 2023
Later appointment deed	Deed 10116, notarized 7 May 2025; entry 187609/2025 (0); presented 8 May, registered 9 May
Underlying shareholders' meeting	7 February 2025 , expressly stated in the Spanish deed; distinct from May filing dates

The incorporation identifies two BVI subscribers, both described as incorporated **21 April 2017**:

Subscriber	Stated representative
Linford Corporate Services Inc., BC 1943018	Katia Jannette Smith Chávez , sole director
Linford Management Services Inc., BC 1943021	Fernando Menéndez Montes , sole director

Each agrees to take **one share**. Article 3 authorizes **US\$1,000 / 1,000 registered common shares of US\$1**; this is neither issued/paid capital nor fundraising proceeds. Article 10 places the stock register at a board-determined location. Deed recitals are at Spanish pp.2-3, English p7; capital/register clauses Spanish pp.4,6-7 and English pp.8,10. [S44]

Role	Original charter	Meeting's 2025 appointee
Director/president	Katia Jannette Smith Chávez	Persis Manfred Sarmiento

Role	Original charter	Meeting's 2025 appointee
Director/secretary	Nereida Esther Moreno Cerrud de Serrano	Omar Camargo
Director/treasurer	Fernando Menéndez Montes	Miriam Camargo
Resident agent	Quijano & Asociados	Mario Ernesto García de Paredes Estripeaut

The 2025 minutes describe electronic representation of all issued/outstanding voting shares, unanimous approval and new officers taking office at meeting close. **Persis chairs; Omar acts as secretary and certifies the minute-book copy; Mario is authorized to notarize/register and supplies a statutory declaration.** Voting shareholders, holdings, attendance/proxies and earlier officers' individual resignation dates are absent. The comparison does not exclude intervening appointments. [S44-S45]

Neither deed names Laura, Launchpool or SCR Advisors, or records a bank account, wallet or business transfer. General powers to open accounts or assign assets are permissions, not completed acts. Registry deed 769 (31 January 2023; 11 pages) and deed 10116 (7 May 2025; five pages) are informational copies; relevant pages were visually checked in the historical review. Spanish originals control over translations. No independent certification is asserted; personal identification numbers are not transcribed.

The **11 December 2018 Gazette** lists the exact Linford numbers as struck off **1 November 2018** for unpaid annual fees, notice scope printed p6444 and entries p6680 / PDF p238. No later restoration/status instrument was recovered. The 2023 recitals establish the identity match but not intervening legal capacity. [S42; S44]

7. Providers: exact leads, not established GamiFi engagements

Cavenwell. Its own Launchpool CEO testimonial describes services for Launchpool/Launchpool Labs projects. It does not establish a registered-agent appointment or dated GamiFi engagement. Provider disclosures identify **Cavenwell DMCC 839414; Cavenwell Corporate Services (DIFC) Limited 7281; Cavenwell Corporate Services (GM) Limited 28633; Cavenwell (Jersey) Limited 157071.** [S24; D07]

Cavenwell (UK) Limited 17062233, formed **2 March 2026,** initially issued Andrew Horbury all **100 ordinary £1 shares, £0 paid / £1 unpaid per share,** with a **≥75%** shares/votes PSC entry. Initial officers include Horbury, Christopher Mayfield, Neil Rankin and Chris Usher. This company cannot be presumed a 2021-2022 provider. NetZero's Rankin biography describes prior Alphabit operations and Cavenwell-founder roles; it is a professional bridge, not an engagement letter or payment. [D08-D10]

Yield App Limited, Seychelles 229095. A Launchpool corporate-account service was marketed; GamiFi use remains unproved. Joint liquidators **Stephen Cork / Hadley Chilton, Cork Gully,** and **FRA,** which reports recovering databases/communications/company information, are specific potential records custodians. [D11-D13]

Record	Preserved event
Gazette 42, 5 August 2024, notice 806/2024	Insolvent winding-up effective 1 July 2024
Gazette 44, 19 August 2024, notice 864/2024, p584	Creditor meeting scheduled 29 August 2024
Gazette 71, 16 December 2024, notice 1305/2024, p816	Intended first interim distribution; proof-of-debt bar 20 December 2024
Gazette 7, 3 February 2026, printed pp119/123	Company 229095 struck off 21 December 2025; notice begins under s272(4) and is printed No.120 of 2025

Record	Preserved event
Court list, 9 March 2026 , p1	SPC-00-CV-MA-0247-2025 , arising from SPC-00-CV-CC-0071-2025 ; scheduled submissions involving the liquidators

The court list names respondents **Jason Corbett, Justin Wright, Tim Frost, James Sutherland, Lucas Kiely, Unifi Group Ltd; Bernard Georges** for the liquidators; **Judge N. Burian**. A listing is not a merits decision or proof of a hearing. Keeping it alongside the strike-off prevents treating all affairs/claims as ended. No restoration, later status certificate, customer ledger, actual distribution receipt or full sought 2025 SeyLII judgment was recovered. The automated judgment summary is excluded as a verified finding. These provider proceedings do not establish GamiFi misconduct. [D14-D19]

8. Missing records and completed search boundaries

Question	Specific target
Historical website entity	2054898 / Launchpool Ltd candidate certificate, legal/former names, incorporation, agent and status; contemporary agreement identifying the issuer
Offshore/UK relationship	Group chart, intercompany agreements, IP/service assignments and accounting ledgers
Ownership	Dated members/BO records, transfers and nominee/trust declarations; SCR historical profile/returns
Carajo's voting owners	Board-designated share register; 7 February 2025 minute book, attendance, electronic-meeting records, proxies and voting rights
Carajo formation/agent change	Quijano client/formation instructions and Mario's transition records; SSNF RUBF / folio 155733022 through the applicable authority route
Transfer to Panama	Executed asset/IP/customer-contract assignments, liability assumptions, data transfers, consideration and accounting schedules
Linford capacity	1943018 / 1943021 status/restoration/name/agent histories for 2018-2023
Laura / actual receipts	Dated employment/equity/delegations, approvals, bank/custody handover; subscription/allocation agreements and entity-specific bank/exchange/wallet reconciliation
Provider engagement	Executed Alphabit, Cavenwell or Yield mandate, invoices, account identity and settlement records

SSNF's public description identifies its private **RUBF** and agent submissions; no Carajo entry was obtained. Indexed Gazette **30602, 1 September 2026** supplied a procedural lead, but its challenged PDF was not recovered and no legal effect is adopted. [D23]

BVI's general **US\$50** report differs from legitimate-interest BO access launched **1 April 2026**, listed at **US\$75 non-refundable plus US\$75 certification**. Eligibility, identification, agent notice and objections apply; no requester entitlement or free report is presumed. No paid report/application was obtained. The earlier blocked browser search was an access failure, not proof of non-registration. [S26-S27; D24-D26]

Archive review covered **1,520 distinct successful URLs**, relevant terms/privacy/offers, **nine application bundles** and public repositories. The Panama exact portal row and supplied printouts/deeds resolved company/deed identity despite a sign-in/reCAPTCHA barrier elsewhere. Gazette title-only negatives did not override positive registry records. No executed offshore transfer instrument emerged from the reviewed material.

9. Source register and preservation

Source checks and retrieval observations date to **6 September 2026**. Capture, displayed revision, corporate event and retrieval dates remain distinct. UK filing originals and relevant page images, Panama copies, forms, screenshots, URLs, capture metadata and hashes are preserved in the underlying evidence collections. Full third-party articles and application bundles are not republished in this memorandum. No person or organisation was contacted and no financial transaction was made.
